Some general notes to Armenian coin collectors

- 1. Late Cilician Armenian coins have a very shallow depth and are struck with mediocre workmanship. In cases searching for coins like VF+ or EF is rather frustrating not to say impossible.
- 2. Attribution, cataloguing, authentication and coin photography services are available for a nominal fee.
- 3. If you are considering selling your coin collection we want to buy them or sell them for you on a commission basis.
- 4. Numismatic publications other than what is listed may be ordered for you, taking one to two months for delivery. Write and inquire about our low prices.
- 5. Upon request, photographs or aluminum foil rubbings of coins will we submitted.

Dear Friend,

Once again we are forced to take a break from the busy schedule of the Armenian Numismatic Society so that we can offer Bulletin No. 12 to the public. There were plans to add plates to this list. However, due to the workload of the Society, the coin photography was pushed back to a point that it was decided to eliminate it.

We can only hope that the future reduced schedule of the Society will permit to remedy this

situation.

For those of you who are new to our establishment, we would like to add that there is a 10% discount to the members of Armenian Numismatic Society on the purchase of numismatic books and archaeology and art books. We encourage you to join the Armenian Numismatic Society and take advantage of this discount program. If you are a subscriber, you can convert subscription to membership very easily.

If you plan to visit Southern California or Los Angeles, we would like to meet you; contact

us: 213/420-0585.

Yours truly,

Y. T. Nercessian & Sons

## AN APPEAL TO THE FRIENDS OF THE ARMENIAN NUMISMATIC SOCIETY

Since the Armenian Numismatic Journal and Special Publication series started being published, the Armenian Numismatic Society has been receiving numerous requests for free copies. The Society has stopped the shipment of all free material (journal and books) because of its outstanding financial liabilities. However, sponsors are being searched who are willing to patronize the Society and who are willing to donate the requested material to American and Armenian tax exempt institutions.

Y. T. Nercessian, Secretary Armenian Numismatic Society Make checks payable to Y. T. Nercessian. Foreign remittance may be made by a draft drawn on a branch of a U.S. bank.
